Power Failure Strikes Senior House and East Campus On Weekend

By Joseph Sullivan

Senior House and East Campus were without power intermittently for three hours Sunday and part of Monday. The shutdown enabled workers to move two 200-foot needles from nearly 300 feet north of their old position.

The lines were interfacing with the structure of the Earth Science Building. The wires ran too close to the pylons on the north side of the consultation site.

Temporary food lines were provided for Walker Memorial and WTB.

Renee Barnhart, Supertend-ent of the Power and Utilities Section of the Physical plant, said the cabling was over.

However, minor cabling around Ames Street could cause eight interruptions during the weekend.

To Open Sept. 16, '69
Girls Must Reside In New Women's Dorm

Residence in the new women's dormitory on Memorial Drive will be required for freshmen women, beginning with the class of 1966, according to Dean of Residence F. G. Fassett. Stated for new freshmen for the year by September 26, the dormitory will be opened to students of the State Road and Seekonk Hall.

Mrs. Fassett, in a memo to Dean Fassett, 94, is financing the construction of a cost over $2 million. Anderson, Bernstein, con- and Hadd, composed of faculty members, is the designing firm. The dormitory will have seven floors and a pedestrian, housing 111 women. Although the cur- rent low are not yet settled, Dean Fassett stated that they would probably be completed by December 31.

The rooms will be large with a high percentage of singles. Tele- phones in the room will be connected into the interdormitory system. In the penthouse will be study rooms, toping rooms, and a minidance. Emphasis will be placed on the exterior of the common rooms on weekends. The room and board rates will remain at their present rates. A brochure will soon be available, listing the exact prices.

Freshmen have expressed no general opinion about the dormitory. They have an option of whether or not to live in the dormitory.

Freshmen cool, however, appear to be looking forward to living on campus.
