Fed up with a profusion of promises?

If the thought has crossed your mind that there's too much of a good thing going around for engineering students lately, we don't blame you. We are making no exaggerated promises. In fact, we are looking to you and to other engineering students for promise to bring to us. There's a switch!

History's second most significant Noah defines promise as, "Ground for hope, expectation, or assurance. A promise speaks of, expectant success." Since we are dedicated to the proposition of complete success in all our endeavors, we are looking for men of promise.

Tech Crosses Line In First College Meet Of Season

The sun finally shone over the Charles this past fall weekend. But, as far as the Tech sailors could see, it showed only crimson.

The fact is, Harvard sailors won both the Oberg and Wood trophies on Saturday and Sunday respectively.

What's up at Hamilton Standard? In brief, a diversification program that includes design and development of propulsion controls, life support systems, other environmental control systems, electron beam, automatic stabilization systems, propellers, and ground support equipment.

A Hamilton Standard college personnel representative will be on campus soon. He'll be glad to answer your questions, and to take your application for a position if you decide you like what you've learned about us.
