Letters to the Tech

Dear Offers Statement

To the Editor:

I feel obliged to respond to the letter signed by John Krumwiede in which he states that "the use of the Institute's facilities should be reserved for the use of the Institute's students." This is not, I believe, a proper interpretation of the policy set forth in the letter from the President to the students.

In that letter, the President clearly states that "the use of the Institute's facilities should be reserved for the use of the Institute's students." This is a clear and direct statement of policy, and it is the policy that we are following.

I am writing to correct the misunderstanding that has arisen as a result of Mr. Krumwiede's letter. The policy set forth in the President's letter is clear and unambiguous, and it is the policy that we are following.

Sincerely,
