CAREER OPPORTUNITIES FOR ENGINEERING GRADUATES

in a growing company  •  a dynamic industry

Rapid Growth: During the past ten years, kilowatthour sales of electricity have more than doubled and therms sales of gas have more than tripled. Our studies show that this rapid growth will continue. Diversity of industry—10% of the nation's research—room to expand—are the keys to New Jersey's future.

Career Development: Management personnel are prepared for advancement through career development activities which include a planned training program, challenging assignments, performance appraisals, and a variety of personal development activities.

Promotions from Within: Public Service follows a definite policy of promotion from within. Advancement is made on the basis of ability and accomplishments.

Retirement of Executives: During the next ten years a high proportion of our management group will reach retirement age.

Positions Available after Training Courses: Engineering, administrative and managerial positions in applied research, development, planning, design, field engineering, operations, and marketing in the Electric and Gas Departments. Sales promotion, administrative and managerial positions in Commercial Operations Department.
