Three Professors Receive Sloan Grants

Professors Glenn A. Berchtold, James L. Kinsey, and Bertram Kostant have received two-year unrestricted research grants from the Alfred P. Sloan Foundation. Professor Berchtold and Kinsey, both members of the Chemistry Department, received their first Foundation grants. Prof. Kostant, a professor of mathematics, received a second grant to continue work begun under a previous Sloan Foundation grant in 1961.

Dr. Berchtold will use his grant to continue work on applications of Lie theory to differential and algebraic geometry. Dr. Kinsey plans to use his grant to study kinematical equations in stereochemical problems, the electronic structure of molecules, the electronic states of highly-reactive molecular complexes, and interactions between extremely low pressures.

April 19 Chosen For Assembly Ball

The Francis Amasa Walker Assembly Ball will take place on Friday, April 19, in the Walker Memorial Building. This 25th annual ball, more commonly called "A-Ball," is a formal closed-bid affair, sponsored by the Walker Student Staff.

The evening will begin with areeting wine of honor guests at 9:30 p.m. Dancing in Morse Hall and on the terrace will continue until 3:00 a.m. Harvard March Hare, an orchestra of 34 members, will be engaged. The Grand Promenade will take place on the third floor of Walker.

A-Ball is financed solely by the Walker Student Staff, with funds provided by the IESC mixer and dances, the sale of quiz books, and contributions. Money from all parts of the country are expected to return for the ball.

1. According to the Department of Labor, you're worth over $350,000 and you get your sheeld. That's theoretical, of course.

2. The way they figure it, that $350,000 is how much the average college graduate will earn by the time he retires.

3. I'll take it right now from a jump -out. Would I live Penthouse, Yacht, Hamburg. The works.

4. I've never learned the Department was thinking about me.

5. As an ECO major, I feel obliged to tell you what would happen to that handle. First, Uncle Sam would help himself to about 250 Gs. With the going rate for penthouses, your life's earnings would disappear from your

You've raised my day.

6. Put some money into cash-\-value insurance, the kind they call Living Insurance at Equitable. It gives your wife and family protection and savings for you and the children — builds a cash fund you can use for retirement or any other purpose.

You ECO guy has all the answers.

When a cigarette means a lot...

get Lots More from LM

more body in the blend
more flavor in the smoke
more taste through the filter

It's the rich-flavor leaf that does it! Among L&M's choice tobaccos there's more longer-aged, extra-cured leaf than even in some unfiltered cigarettes. And L&M's filter is the modern filter — all white, inside and outside — so only pure white touches your lips. L&M's the filter cigarette for people who really like to smoke.
