Rapid French Economic Growth
Analyzed by Prof. Kindleberger

Economic growth in France since World War II is an important factor in her emergence as a resurgence of German power, according to Chauncy Kindleberger, professor of economics at MIT. He attributes this growth to the advent of technological change, the increased efficiency of workers, and the national government's support of the need for an expanding economy.

"Today, French engineers are spread all over the globe on a variety of engineering projects. In the short space of five years, French engineering has moved from a European acceptance to the equivalent of the world's best," said Kindleberger.

Prof. Kindleberger makes these and other observations in a recently published book, "The Economics of France," co-authored by five other scholars in the fields of economics, political science, and sociology. The others are Francis Gruenvald, secretary-general of the French Socialist Party; Prof. Stanley Heilman, of Harvard; Prof. Jean-Baptiste Durand, of the Foundation Nationale Des Relations Politiques, in Paris; Prof. Jesse Pitts of Wayne State University, in Detroit; and Prof. Lawrence White, of Harvard.

Agating Your Arrival

Clean, comfortable and reasonable accommodations for male students, girls, men, and women, and groups in the heart of Manhattan close to all transportation and nearby shops from the East Side to Times Square. Restaurant facilities, barber shop, TV room, etc. BEAVER CT. House near St. Louis Ave. - Flats from 10.00 - Rooms from 2.00

WILLIAM SLOANE HOUSE N.Y.C.
220 West 36th St., New York, N. Y. 10018 - Tel. 312-142

Missed A.F.R.O.T.C.?

To become Kelly Girls, girls must fulfill three requirements:

1. Be a member of the Pease AFB. The air force will select the girls.
2. Be a member of the National Honor Society.
3. Be a member of the Junior Honor Society.

For Co-op Students

A fictional department store, A. J. Beck, has a unique program which allows students to earn their co-op credits. The program is designed to relieve co-op students of the problem of finding a job.
