Tech ruggers defeat Williams in first game despite hot weather, loss of one scrummer

By Susan M. Rogers

One hundred sixty miles of driv- ing on the first hot day of the season led to a lethargic after- noon of rugby last Saturday. Tech's rugby club won the first match against Williams 5-3, but their last match on August 15, against Brown, 8-1, to extend their win- ning streak to 5 last Monday.

In the first game, Dave Ritter '62, dis- patched the scoring with a penalty kick. Tying it with a try was Marty Ormond, number one, Bent Aasnaes '63, in the only close double match of the season. Long also won in three sets to score his sixth straight victory.

Betas seize IM track title

Beta Theta Pi put together a strong team effort to win the IM track meet with 43 points Sat- urday. Phi Sigma Rho was sec- ond with 32 points. This is the third straight year that the Betas have won the meet. These records were set, despite poor weather. Early in the day, Rho Raaga IDET kicked hard on the last 100 yards of the 880-yard run to win in 2:30.10, besting the previous record by 2 seconds. Later Rho Raaga stopped out to an early lead in the lead- ing 200-yard dash and was going away in 31.8 seconds, 2.2 seconds under the previous mark. Tim Wells, a grad student running unattached, turned in a fine mile. He broke the record set last year by 15 seconds, turning in a 4:56.8. Most of the rest of the events were tight battles. One of the closest came, at the end of the meet when Hill Morris '64 of Phi Epsilon edged out Bill Bials '64 of SAE to win the 220-yard dash by a step.

Does a man really take unfair advantage of women when he uses Mennen Skin Bracer?

All depends on why he uses it. Most men simply think Mennen-Iced Skin Bracer is the best aftershave lotion around. Because it cools rather than burns, those sharp edges head shaving nicks and scrapes. Because it helps prevent blemishes. So who can blame them if Bracer's crisp, long-lasting aroma just happens to affect women so remarkably?

Of course, some man may use Mennen Skin Bracer because of this effect. How intelligent!
