Does a man really take unfair advantage of women when he uses Mennen Skin Bracer?

All depends on why he uses it. Most men simply think Menthol-laced Skin Bracer is the best after-shave lotion around. Because it costs rather than burns.

Aesthetically, because it helps heal shaving nicks and scrapes. Because it helps prevent blisters.

So who can blame them if Bracer's crisp, long-lasting aroma just happens to affect women so remarkably? Of course, some men may use Mennen Skin Bracer because of this effect.

How intelligent!
