'Tom Jones' recreates Fielding's ribald classic

By David Nolan

Lively, lusty, and rollicking, 'Tom Jones' is a ribald masterpiece, bringing it to the screen larger than life in all its glory. It is concerned with the adventures of Tom, "of whom it was said — he was born to a life of ease and luxury, wealthy from his legitimate child, he is discovered to be the son of Squire Western, to be raised as his own son, while Jennifer, adopted by the Squire, to be the beginning of the film and the plot an absurdity of this eighteenth-century classic brings it to the screen and atmosphere of this era.

The only weaknesses are the photography — which ranges from brilliant at many points in the picture — and the musical accompaniment of the soundtrack. The dizzying chase of the film is an example of the soundtrack. The acting, by and large, is excellent. Albert Finney, hailed by many of the night shots in the movie, is pious, prissy, and sanctimonious. However, they love Tom, and no one except Tom and Sophie appear at the beginning of the film, and the plot an absurdity of this era.

Blifil and his cohorts take advantage of the soundtracks. The acting, by and large, is excellent. Albert Finney, hailed by many of the night shots in the movie, is pious, prissy, and sanctimonious. However, they love Tom, and no one except Tom and Sophie appear at the beginning of the film, and the plot an absurdity of this era.

You have room for growth in data processing— at IBM

IBM offers graduates with bachelor’s or advanced degrees in Engineering, the Sciences, Business Administration, Economics, or Liberal Arts challenging assignments in the marketing of information systems and equipment. 

Rewarding opportunities exist in more than 150 IBM Sales and Service Offices located in major cities throughout the United States. These opportunities increase with each new system that is designed to meet the growing needs of business, industry, government, research, education, or space.

IBM Data Processing Systems Engineers are men and women who study customer requirements in depth, devise an approach, define a preferred machine and operational solution, and assist in implementing this solution.

opportunities for advancement

IBM, an Equal Opportunity Employer, offers you extensive training in the area of your special interest. This training continues as you advance along a planned career path leading to professional or managerial positions.

We also have comprehensive company-paid benefits plans— training programs to keep you abreast of developments in your field—and a tuition-refund plan to give you financial assistance for graduate study.

on-campus interviews

See your college placement director to determine when IBM will interview on campus, and make an appointment to see our representative. If the interview date is inconvenient for you, please write or call:

P. H. Bradley, Branch Manager, IBM Corporation, 1730 Cambridge Street, Cambridge, Mass., U.S.A. 02138.

IBM will interview March 5, 6. 

M ove ahead with DATA PROCESSING
