**Greet the shirt with an Oxford education by ARROW**

Any scholar will appreciate this new Oxford Oxford shirt...the latest graduate to the world of wash-and-wear by ARROW. A blend of 65% Dacron® polyester and 35% cotton...it outlasts all cotton shirts. From that famous button-down collar to the back button and back pleat, it's University Fashion at its best. Tapered to trim you down, "Sanforized-Flex" labeled to ensure a lasting fit, Oxford Oxford comes in white, colors and British stripes. Short sleeves as illustrated only $5.95

*DuPont T.M., for its polyester fiber

**This could be the start of something... BIG!**

If you are completing your BS or MS degrees in EE, ME or Physics, AC-Milwaukee's "Career Acceleration Program" is the perfect way to get your career off the ground...and keep it moving! In just 32 weeks you can become an important member of the aerospace industry's leading developers of inertial guidance and navigation systems. Candidates who complete the Program A will attend formal class two hours a day, have one hour of supervised study, and spend five hours in one of the aerospace industry's leading developers of inertial guidance research for space vehicles and ballistic missiles. Positions are available in all three AC locations for PhDs, depending on concentration of study and area of interest. You are invited to contact Mr. Rash for further information.

**AC SPARK PLUG & THE ELECTRONICS DIVISION OF GENERAL MOTORS**

**MAHARAD JAXON, DISENTERY**
