"Seven Days in May," in its first week of a six-week run at the Astor Theatre, is the frighteningly plausible story of an attempted military coup, which if successful would bring the United States under the control of the military. The film opens with a demonstration in front of the White House, and it is soon made evident that the country is in a state of turmoil. The President of the United States, General James Macht, and a plot to overthrow the government by a military conspiracy. The tension mounts throughout the movie, with mysterious disappearances, kidnappings, a murder, and a plot to overthrow the President. After much soul-searching, the President reluctantly decides to inform the press of his intentions, and the plot is discovered accidentally.

Dreyfus will give lecture on "Theatre of the Absurd" in Little Theatre Sunday

The "Theater of the Absurd" will be the subject of a talk by Prof. Hubert Dreyfus this Sunday in the Kroger Little Theatre. The talk, which begins at 8 p.m., will be accompanied by a reading of William Blanter's "The Damned," and will provide an excellent evening of modern existential ideas. The talk, which is sponsored by the Course 200 Society, will be open to the public.
