ence on JP. I believe that a
weekend can break even if care-
fully planned. Therefore, I favor
no subsidy unless good reason can
be shown by the committee why
one is needed to present a high
calibre weekend.
(B) Boston Council. I strongly
favor the continuance of this
year's efforts to organize a coun-
cil composed of all major area
schools, men's and women's,
which would exchange ideas and
discuss common problems. It
would also serve as a communica-
tions center for coordination
and publicity for area social events.
(C) Class officer structure. I
have felt that revision in the pres-
cent officer system has been need-
ed for some time. A study should
be made of possible alternative
systems for the Freshman Coun-
cil and present election founda-
tion.
Necessarily, this is only a short
summary. I encourage any com-
ment or questions and would wel-
come the opportunity to use my
experience to put these and other
issues into operation.
Ref. no. The Tech invites a
statement, and picture, from any
candidate for UAP or for class
president. Statements from UAP
candidates should be limited to
500 words, typed, these from can-
didates for class president, 100
words. Typing. Editing will occur
only when necessitated by space
considerations.
