Norbert Wiener

The passing of Norbert Wiener deprived the MIT community and the entire scientific world of one of its most brilliant members. Dr. Wiener’s stature as a man of learning and deep humanity was such that even his death, so serious to him, was felt by thousands — including a large number who knew him only through his immense reputa-

The poet John Donne once wrote, “Any man’s death diminishes me, for I am involved in Mankind.” The death of Dr. Wiener diminishes those who are concerned in their lives with all man-

Course IX

The formation of a separate Department of Psychology due recognition to an energetic and well-organized effort of students and faculty to establish and administer a psychology department at MIT.

As Course IX, the psychology section is now managed and staffed by a fully autonomous division of its faculty and support staff for both the political science and psychology programs. New programs can be established and institutionalized for the benefit of undergraduate students and the graduate doctoral program.

However, the success of the psychology department is dependent on the continued support of the Institute for Psychotherapy.

Erratum

A headline on page 1 of the March 11, 1964, issue erroneously stated that the new dormitories to be built behind the Sloan School of Management will be occupied by married graduate students of Course XV.

There is now, instead, to be occupied by married students.

As Prof. Howard W. Johnson, Dean of the Sloan School of Management, has explained, the dormitories to all students in Course IX are not only for married students, but also for married students of any kind; as Norbert Wiener was in his fruit-

‘Footnotes’ attacked!

To the Editor:

Two weeks end, the accidental death of Dr. Wiener occurred. As a result, there was a well-deserved outpouring of tributes to the renowned mathematician. One of these, a column written by me, appeared in the March 11, 1964, issue of The Tech.

It was felt that using student-
