Students to Have Choice

In Pre-election Contest

A mock election between Republican Senator Barry Goldwater and Democratic President John F. Kennedy will be held at MIT on Tuesday, October 13, 1964.

The Boston Area Branch of the Republican Club, MIT Student Political Association, Harvard Undergraduate Republican Club, MIT Student Democratic Club, and the Socialist Club will be participating.

MIT scientists like LBJ

Dr. Julius A. Stratton, President of MIT, and Dr. Jerome Winer, President of Brown University, announced thattribute winners in the formation of a bipartisan committee to supervise and moderate the candidates in this most important election.

Graduate and undergraduate students will be eligible to vote by presenting registration cards.

V. K. Kellogg Foundation grants $440,000 to Department of Nutrition and Food Science

The Department of Nutrition and Food Science has received a grant of $440,000 from the V. K. Kellogg Foundation of Battle Creek, Mich. The grant will be used over a period of five years to develop a student-oriented graduate program for dental educators and researchers.

The MIT Oral Science Program, directed by Dr. Robert S. Harris, consists of nearly a year and a half and includes a grant of $300,000 from the National Institute of Health.

It is a part of a postdoctoral training course for dentists and biologists leading to a Ph.D. after four years of study. The NIH grant is being used to support students and their research.

The following grant will be used to provide specialized laboratories and clinical facilities.
