IM table tennis season begins with 58 teams: Burton A vs. TEP A in Armory Wednesday

The opening matches of the Intramural table tennis season have taken place with 58 teams in eleven leagues participating in the season. Most of last year's top teams appear to be strong once again, Runners-up Chinese Students Club "A" and semifinalists Alpha Epilson Pi "A" have most of their players back for another try at championship. They will be challenged by the perennial tough trio, seniors, Baker "A" Burton "A" and Burton "B", and also by two vastly improved teams, Baker Stoges and Tau Epilson Phi "A". The early season favorite, however, is Justinian, an independent team formed by three of the best players in the school.

For the opener, the best match of this week should be League V competition, Burton "A" vs. Tau Epilson Phi "A" Wednesday, March 30, on the Armory tables. For any questions concerning the Intramural table tennis program, please call either Bob Cohen (D880), 65-2021, or CT 74683 or Bob Larry (C3389 or CT 74674).

Tennis captain

Tennis team open season soon

By Steve Kaster

If and when the weatherman obliges, the Varsity tennis team will have no again. Coach Crocker's young team, headed by Captain Bill Ruby, will look forward to a season that should be one of the most interesting era in the players gain needed experience.

Count on heavily to carry the burden in the upper and junior matches are, along with Patrick, Bill Ruby, '66 John D. Stetten, '67 Eric Gell, '67 and Mark Gladsone, '66. Last year's squad finished at the 58 mark with an 8-4 record. Whether or not this year's squad can top that record will depend on how rapidly the newcomers adjust to the pressures of match play.

Practice, thus far, has been devoted to regulating the form displayed in the abbreviated fall season. One of the more interesting drills consists of trying to return the drives hit by the ball machine. If it sounds easy, try it some day.

At the first meeting, all concerned voiced the effects of winter-knowledge, altitude and conditions with the courts, but there has been steady progress ever since.

Eight teams left in IM Volleyball; TEP captures Club Mediterranean

By Jerrold Sabath

The bid was cut down to eight teams as Intramural Volleyball entered the final week of playoffs. In general, the teams that were leaders throughout the regular season competition continued their winning ways in the opening playoffs.

On the freshmen level there appear to be three or four top players, who will read right into varsity ranks next season. One of the more interesting events was the appearance of the bond and table tennis program, but because their promise has been shown, there is an early interest in the full intramural program, and borne out in early results.

All in all it should prove to be an exciting season between February & June, some really good teams are going to be surprised by the Techmen.

A message of importance to sophomore men

If you've got what it takes to be an Army Officer, you may qualify for this new on-campus training program

A new Army ROTC program starts this coming Summer for sophomore men who apply prior to May 1--only 3,000 applicants to be accepted.

If you're a sophomore now attending one of the 247 colleges and universities that offer Army Officer training—or you plan to transfer to one of these schools next Fall—you may qualify for the new two-year Army ROTC program.

This new program—designed especially for college men who have not taken Army ROTC during their first two years—will commence with six weeks of field training this coming Summer, beginning June 14. Then you'll have on-campus training during your junior year... and for additional weeks at camp during the following Summer... and more on-campus training during your senior year. Even flight training is offered at some schools.

ROTC training is really a process of learning to organize and direct others—to be a leader. Consider how important this ability can be to you throughout life; and, when you graduate, an Army Officer's commission as Second Lieutenant.

Then you'll normally spend two interesting years on active duty, often abroad with opportunities for travel. REMEMBER ARMY ROTC

What's her name?

Hey Gabe, pleasant surprise! Just as you said, I'll try to call you a few times, but I'm not sure if I should.

TANDBERG 64 Tape Recorder for only $400.
