Sophomores...

Here’s what the new 2-year Army ROTC program means to you

A new Reserve Officer Training Corps program permits selected college sophomores to be commissioned as Army Second Lieutenants in two years. You can do this by:

1. Completing a special 6-week summer camp between your sophomore and junior years.

2. Completing the 2-year Advanced Course at any school offering the ROTC program.

What are the benefits of Army ROTC training?

- Management training for success in civilian or military life.
- $40 per month pay while attending the Advanced Course, plus uniforms; pay and paid travel for summer camp.
- Eligibility for free flight instruction at selected schools leading to a private pilot's license.
- A commission as an Army officer, with all of its accompanying benefits, including higher income, greater opportunity for advancement and officer status.
- The personal satisfaction that comes from knowing you’re trained to assume leadership responsibilities.

These benefits will put you a step ahead of other college graduates and will pay off for the rest of your life. You owe it to yourself to investigate these new opportunities.

For complete information, see the Professor of Military Science at your school, or send the coupon below.
