Letters to The Tech

(Continued from Page 2)

Coopitis

To the Editor:
The new Coop is here, and I'm glad. It's bigger and better. But it seems bigger-er than ever. (Do you have all your textbooks now, yet?) Dear Coop's ideas about how many copiers the Coop should have are as cretinous as hadn't gotten any in yet. Nope. I do like to have some kind of cleaner, and even a Tech Tool occasionally likes clean underwear.

Friends, the Coop doesn't carry bleach. I know what you're thinking. You're thinking maybe I didn't know where to look, or maybe they were out of it that day, or maybe in the haste and bustle of starting a new store they just hadn't gotten any in yet. Nope. I checked.

Dear Coop, I love you, but Stop & Shop still will have a place in my life.

Christian Fellowship schedules speakers

The MIT United Christian Fellowship will present its fall program of two lectures.
The first, "The Universality of Christ," will be given Monday, October 18, at 7:30 p.m. in the Gearrman Room, 10-160. The speaker will be Mr. Robert Hill of the Inter-Varsity Christian Fellowship Staff.
The second lecture will be Monday, October 25, at 7:30 p.m. in the Bush Room. The speaker will be Mr. Robert S. Smith speaking on "The Meaning of Guilt."

A discussion session will follow each lecture.

Come to General Electric, where the young men are important men.

Important responsibilities come to you early at G.E.
You could find yourself on the research reactor at AEC notes MIT's
MIT's.

The Atomic Energy Commission is considering a proposal to permit increased power operations of the research reactor at MIT. The Institute now holds a license for operation at power levels up to two thermal megawatts. It has asked for authority to boost this to five.

Want to be a big hero?
Then look for big challenges!

If you are good, you'll be rewarded.
With money, of course. But with responsibility, too.
The most important job you'll ever have is your first job.
And the most important job interview you may ever have is with the man from G.E.
