Travels to Berlin

Stratton to receive honor from Technical University

By Mark Bolotin

Dr. Julian A. Stratton left Sat-
urday for a tour of Berlin, Ger-
many. Illustrating the tour, he
will be held at the Technical Uni-
versity Friday. The ceremonies
will take place on the occasion
of Dr. Stratton's presidency of
the American Section, of the Eu-
eropean Federation of Chemical
Societies, and his election to the
foun-
ding board of the Federation's
publication, the Central European
Journal of Chemical Research.

The ceremony, marking his in-
ception, is to be held at the Tech-
nical University on Wednesday.
Speakers for the presenta-
tion will be Dr. K. F. Walling-
heim, Rector of Technical Uni-
versity, and Professor J. A. Stra-
ton, Rector of Technical Univer-
sity of Berlin.

Honorary Senator (member of the
Board of Directors of the Tech-
nical University) of Berlin.

Dr. Stratton will also partici-
pate in a reception for the students
with Dr. A. Stratton and Dr. J.
Stratton. The reception will be
held at the Technical University of
Berlin. The reception will be a
dinner and a reception hous-
ing Dr. Stratton.

By the end of the tour the in-
clude a meeting of the Senate of
Technical University, in which
Dr. Stratton will participate, a re-
ception for Ford Foundation the
management of the American In-
stitute of Physics, and a recep-
tion with Major Wiley Brandt of
West Berlin. The tour will take
him to East Berlin and West Ber-
lin. He will also visit the John F.
Romey Institute for American Sci-
cence and the East Europe Institute
of Free University and will also
in informal discussions with stud-
ents at the Student Dormitories Siegmund-
tsche.

The tour being sponsored by
a grant from the Ford Founda-
tion is for the exchange of family
members with the MIT and Technical
University.

The tour is organized to last for
11 days and is to begin in Berlin
with a stopover in Paris.

Letters accepting a $300 tuition
rise and an $800,000 scholarship
increase for the 1966-67 academic year,
were mailed yesterday afternoon
to both undergraduate and gradu-
ate students as well as parents of
undergraduates. The letter was
signed for the Executive Commit-
tee by President Julius A. Strat-
ton, who left Saturday evening
to attend the ceremony at the Tech-
nical University of Berlin in his
honor.

The tuition rise, the first at the
Institute in four years, will boost
registration fee to $900 dollars
per academic year. The decision
was made by the Executive Com-
mittee on February 1 when it be-
ampered

that the Institute's projected op-
erating deficit for the present and
future academic years would be
eliminated by the tuition increases
announced last spring.

Institute tuition goes to $1900;
scholarship resources increased
