Every Science, Engineering and Math student should know about CSSTP before he makes up his mind about a career.

CSSTP means Computer Systems Science Training Program. It’s an extraordinary IBM program that enables you to use your technical knowledge and problem-solving skills in new, exciting ways. Ways that may never occur to you unless you hit upon a career, see if IBM doesn’t make a hit with you.

In short, he’ll describe all the unusual assignments in IBM’s right of more than 200 offices from coast to coast. All are places where you can grow with IBM, in eight major industry fields:

Whatever your plans, before you hit upon a career, see if IBM doesn’t make a hit with you. Whatever your area of study, ask us how you might use your particular talents at IBM. Job opportunities at IBM lie in eight major career fields:

Sign up now at your placement office to get the story on CSSTP—from the IBM interviewer March 2-3
