**The Bulletin Board**

Compiled by the Public Relations Committee of Incasem, The Bulletin Board is a semi-weekly service of the PRC and Student Council.

Meetings and events may be included in this article and in the MIT Student Bulletin by filling out a form in the Incasem office or in Mr. Tim Murphy's office. The Student Council may submit such items, but will be interested to note which is the bigger hit; this should be a good indication of which group is actually on top. Although the Stones' 'Nineteenth Nervous Breakdown' had a band start of nearly a week, the Beatles' 'Noone Man' seems to be moving somewhat faster. 'Noone Man,' the Beatles' most recently purchased single, has been worth its while.
