Brown runs record mile

By Tony Lima

Despite fine efforts and a new MIT record, the Tech tennismen failed to qualify anyone for the All-IVIAA finals over the weekend. The new record was set by co-captain Summer Blossom '96 in the mile. Brown turned in a time of 4:15.6 but finished third, a bare 3 seconds behind the winner. The top two finishers in each heat qualified for the finals, but Brown found himself in the fastest heat of the day. The fastest time in any other heat was a 4:15.7.

In the pole vault, sophomore Steve Sydoriak boosted Tech hopes for the future by vaulting 13.4. Sydoriak was hampered by a sore neck, not still managed to vault 13.4 in the final standings.

Greg Wheeler '96 ran into foot troubles in the broad jump, and didn't qualify for the finals. He led on his first two jumps out of the three allowed and, playing it safe on the final jump, leaped 21-4.

In the 600 yard run, co-captain Larry Schoen'66 turned in his best time of the season with a 1:25 unofficial clocking. However, this was not good enough to qualify him for the finals, as the slowest qualifying time was 1:25.9.

The cindermen conclude their season with the Ambert Relays Saturday, followed by the U. of Connecticut Relays the following weekend.

Clocked in 4:15.6
