THE NEW BREED
A new frontier imposes a natural process of elimination. You can meet the people that you would see on top of a high ski run which had no chair lift, and you can do it without the effort of climbing . . . . just let gravity take its course: it's all downhill at the PARACHUTES INCORPORATED CENTERS.

The Centers are staffed and equipped to put you out on your first jump immediately following a time-tested four-hour period of instruction. ($35 for everything involved in making the jump.) Safety is insured through the use of automatically opening main parachutes, FAA approved ten-place jump aircraft (your entire class jumps together), radio communication to the student, all-sand drop zones, and constant, overall supervision by professional instructors both in the aircraft and on the ground. (71,000 jumps to date, over 7,000 of which were first jump students.)
