Flannery selected Queen

(Continued from Page 1) to appear on campus this Friday in an attempt to present the type of show they wanted to give Sat-
urdAy night. Ticket arrangements for this special performance are now being worked out by the Spring Weekend Committee. The make-up concert will be held at 4:00 pm in Rockefeller Hall.

The Weekend itself, received wide and favorable notice in the Boston Press.

Barbara Flannery, the date of Franco Birnkrant '66, was selected as the Queen of M.I.T. 1966 Spring Weekend. Chosen by the Spring Weekend Committee; she was crowned by Dean Fass-
ett Friday night in the Student Center. Miss Flannery attends Simmons College.

Students require feeling for subject

(Continued from Page 1) with all your students will be im-
gaged in the activity you should use your imagination in one of the big ideas of a good teacher in the study of science.”

Professor Frenn made it clear that the point of 50.1 and 50.4 is not so much to give students a knowledge of physics as to give him a feeling for physics. He em-
pssed a dislike for the con-
sant approach used by the use of a marker text: “Hardcover text can represent too much, for they give the student the impression of a one-to-one correspondence between the contents of the text and the courses. We must fight against this.” Finally, he recom-
men that teachers read the book and see your students by Professor Robert Evans of the Physics Department.

Attention, Julie Lift! You dropped your opener somewhere on the ski slope. Go back!

The Bulletin Board

Compiled by the Public Relations Committee of Inscomm. The Bulletin Board is a semi-weekly service of the PRC and The Tech.

Tuesdays and Fridays may be in-
cluded in this article and in the MIT Student Bulletin by filing out a form in the Inscomm office or write to Mr. Hoffman’s office in the Student Center at least 12 days in ad-
ance of the week the event is to occur.
