Kibitzer...

It was now simple for declarer to take three diamonds and throw East in with the last diamond. East had nothing left but spades.

David C. East had nothing left but spades.

He gave up one trick, but received a spade return.

North won two spades tricks after East's spade lead. West could discard a club, but on the second spade he was forced to yield a control in either hearts or clubs for declarer's eleventh trick.

If communications were good enough, you could stay in the sack all day.

Moving your body around is highly inefficient.

If communications were perfect, you would never have to. Of course you would still have to get exercise.

But that's your problem.

We want to make it easier for you to contact people, learn, get information, attend lectures, and hold meetings.

We developed Picturephone service so you can see as well as talk when you call. And be seen, too. We introduced Television service (two-way amplified phone calls) to let you hear lecturers or a facsimile print, as a video image, printed on a teletypewriter, depending on the nature of the information, he might get an answer back audibly, printed on a teletypewriter, as a video image, or a facsimile print.

Some of these services are available now.

Others are being tested.

For the next week or so, better get a move on.
