FIBEX-TIP PEN

Not a ball pen, not a fountain pen, the Touché is a brand new kind of pen with a new kind of tip—Parker's Fibex Tip that lets you write as bold as you think!

The Touché is refillable. You'll be using it for years instead of paying for a whole new pen every time you run out of ink. It uses regular Parker Quink cartridges now available in nine different colors.

- Try Parker's new Touché—the Fibex Tip pen. In your choice of three point sizes: fine, medium and broad. It's the strong, bold, smooth-as-silk way to write.

Design it yourself... To Fit Your Space and Needs

So easy... So economical!

You don't have to be an engineering major to design and assemble your own bookcases, room dividers, or TV and Hi-Fi units with Erecta-Shelf. It's fun... simple... practical and inexpensive!

By combining just 4 panel sizes in satin black or gleaming brass wrought iron, there's no limit to the number of arrangements you can design to fit your space and needs. Note that straight panels can be used horizontally or vertically... and horizontal panels may be attached at any desired height on the vertical panels.

**EASY TO ADD TO OR TAKE APART**

Anytime you wish to make your unit taller, longer or deeper simply add more Erecta-Shelf panels... or change the arrangement completely. It's a cinch to disassemble for moving too.
