Explore the challenging world of Avco Lycoming.

Kevin Truex is now working on stress and vibration problems for the world’s leading developer of gas turbine engines. Frankly, we could have used him in experimental tests, but he knows where he gets his satisfaction better than we do.

This is Kevin Truex, Class of ’68, University of Pennsylvania. We want to move him up a notch. Are you good enough to take his place?

Kevin Truex is just one of many ’68 grads whose future looks very promising at Avco Lycoming. We’re known that for some time — even though we’ve known Kevin for less than a year.

Good men like Kevin Truex get recognition fast at Avco Lycoming.

For one thing, they quickly find themselves in a job development of gas turbine engines. Frankly, we could have used him in experimental tests, but he knows where he gets his satisfaction better than we do.
