Kindleberger sees gold reform

It's about time the Holies made it big. "Stop Stop Stop" was their first song to really make it even though the very talented British group can boast of a long line of good records. This history is a rough parallel of the story of many of the other British groups, in that they began putting out records in Britain in early 1964, despite the fact that their predecessors have been superior to those played in America in early 1964. Deep in their heart of hearts economists and bankers believe that by then America and Britain will have shown that they can get along without the front window wretcheding their hands and bemoaning their institutions," he says.

Proposed Solution

The solution to the problem is to have the United States "get back its cool in international relations." ... and help to set up an "Atlantic Open Market Committee" which makes monetary policy for North America, Europe and... perhaps Japan.
