Ask about opportunities for advanced degrees and research. We're well-situated in Virginia to advantage the nation's largest synchrotrons, where graduate engineers earn their Ph.D. in energy physics. We're across the street from Old Dominion College, offering graduate courses in Microprocessor Theory, Solid State Electronics, and Circuits Analysis. Nearby, too, is the Extension Division of the University of Virginia offering courses toward credits for a degree in physics. And within easy driving is The Virginia Institute for Scientific Research, a world leader in search of physics. Linked up with these opportunities, Newport News provides scholarships, tuition grants, advanced study and research leaves. Ask about them.

Get the facts on pleasant living and lower living costs here in the heart of Virginia's seaside vacationland with its superb beaches, golf, fishing, boating, hunting.
