Blood drive set up to meet slack time in Massachusetts

community because MIT is credited with the amount of blood it donates. Any member of the MIT community or member of his immediate family may give blood for transfusions free as long as the supply lasts.

Significance of drive
It is also significant to note that the blood drive will be conducted at a time when the Massachusetts blood bank supply is normally low. Thus, the contribution from MIT will form a large percentage of the state's supply of blood during a two-week spring period.

Blood will be taken in the Sala de Puerto Rico of the Student Center. During solicitation week, there will be an information booth in the Lobby of Building 10. Parental consent is needed for student donors under 21, unless blood was donated the previous year.

The Registration Day Wait

All is normal on Registration Day! Even at 2:40 in the afternoon, the lines are still forming, as the eager students try to get their roll cards. However, once roll cards have been procured, the rest of the day will be a snap. Oh, yeah? Despite recent improvements brought about by the Corporation, the Student Center, they haven't managed to eliminate the lines for facts.

Selective Service poll

Students dissatisfied with draft

By Don Mining

The results of a student poll on the Selective Service have been released by the United States National Student Association. These were presented to a group of leaders of a variety of youth and student organizations attempting to formulate a successful alternative to the present system.

Results of poll

The most striking statistic drawn from this poll indicates that while more than 90 percent of American college students agree with the principle of military conscription, more than 70 percent are dissatisfied with the present draft system. More than 80 percent of those questioned would prefer the equal alternative of non-military service in such organizations as VISTA, or the Peace Corps; 60 percent do not support student deferment.

Mr. Eugene Groves, President of UNSSA, remarked on the remarkable consistency of the results even more impressive," he said. The poll was administered at institutions varying from the University of Minnesota and Michigan to Bennington and St. Mary's Colleges and geographically ranging from Harvard to San Francisco College for Women. The opinions of 30,000 students were sampled. This constituted approximately 20% of the 99,000 total student population of the twenty-three campuses included.

Justice of conscription

On the question of the justice of military conscription, Simmons College showed the most support with a 95% "yes" vote. While Valparaiso University showed least enthusiasm with only 74% supporting the idea. The lottery was least favored in all cases, receiving its greatest support, 15%, from Marquette University and North Park College. Only 24% of the Bennington voters felt that class rank was a fair criterion for student deferment, while 76% supported this at North Park College.

Universal student liability as opposed to partial liability was supported most strongly by Marquette University, 75% affirming support; it was least favored by the College of Wooster, Ohio, 84% voting "yes." Forty-seven percent of Simmons College students polled supported unconditional universal student deferment, with only 26% of Mount St. Mary's College voters supporting it.

There were wide extremes of opinion on most questions on draft campuses.

DEAR REP:

Composer wants to know the score on '67 compacts

DEAR REP:

I'm a well-known composer, and I need a new car. The trouble is, I just too Bizet to pick one out. And what's more, many of the new cars I see are Offenbach in the garage for repairs. But I do have a good friend who is pleased with his new '67 Dodge Dart. He was given an excellent deal and Bartlo any money on it. My Bach is to the wall. Can you help me?

LUDWIG

DEAR LUDWIG:

My advice is that you let yourself flavel in the enjoyment of driving the sporty, all-new Dart for '67. You'll find its list price is a lot lower than you'd expect. And even though it's longer outside and bigger inside this year, Dart's still an easy car to handle.

Sincerely, Leo

Here's the swinging, man-sized compact for '67 that's got three B's of its own: Bold, Brassy and Beautiful. Dart has been completely restyled this year, inside and out. It's longer, roomier, more powerful. But still at that snip compact price. Drop in at your nearest Dodge Dealer's and try it out for yourself.
