Rights opportunity missed

By Carson Agnew

Daniel P. Moynihan, Director of the Joint Center for Urban Studies at MIT and Harvard said that opportunity was lost twenty years ago to integrate, stated that the nation may be ... reproduc-

As a student M.B.A.,
you read Vols. I-II
As a graduate M.B.A.,
you can put yourself in future volumes

We don't have much about you (although we'd like us).
But you start with the singular advantage of knowing a great deal about us: Standard Oil Co. (N.J.). These two volumes contain facts of history, not figments of fiction.
We're looking for M.B.A.'s who have what it takes to work for a company whose history is important enough to be required reading in many schools. You take imagination, hard work, and a rather special brand of responsibility.
If you'd like to be included in future volumes, and feel that you've got what it takes, ask your College Placement Service to set up an appointment for you with a Jersey Standard Representative. There will be a team representing Jersey and its New York-based affiliate visiting your Campus soon. Or write now for detailed information about careers with us. For your personal bookshelf.
