Can you make it as a modern banker?

A banker today is a lot more than a money specialist who waits for the community to come to him. He's a well-rounded, imaginative individual who knows how to present a package of financial services to fill his client's needs. He's professionally involved with every kind of business, from government to space exploration to problems of emerging nations. And he can't be pigeonholed because versatility is one of the keys to his success.

He has job status and pride of profession. And his compensation and employee benefits are the envy of many.

His training is thorough and guided by experienced seniors who cushion the rough spots and put him on the high road when he's ready in his own mind and deed.

Before you make your big career decision, take a long look at banking. Ambition is the key, and the best way to check yourself out is to set up a give-and-take session with a Chase Manhattan Banker.
