The major function of the Activities Council itself during the past year has been to hand- weigh several studies on the space requirements and efficiency of use of present extracurricular activities. This has resulted in expanded facilities and equipment in the coming year.

In addition, the AEB was suc- cessful in finding a secretary to help all the activities in their communications with the rest of the student body and MIT community in general. As a telephone switchboard will be installed that is available in the coming year so that she will be able to handle many functions and make appointments for the MIT student activities community in general. A telephone switchboard will be installed that is available in the coming year so that she will be able to handle many functions and make appointments for the MIT student activities community in general. The PRC Social Calendar provides a bi-monthly listing of social activities. It has found favor among undergraduates, and its format is being studied in light of many suggestions. Rounding out the PRC’s activities are the "Publicity Board," which has been expanded to include more undergraduate and graduate students, and more efficient usage of available space and equipment in the coming year.

The PRC itself has evolved, in a little over a year, from a loose organization of independent projects to a firmly structured and independent committee. An effective associate membership system now exists to permit evaluation of prominent candidates for executive committee posts.

As a result of an active recruitment campaign, this year’s freshmen class is exceptionally capable. The Committee new numbers twenty-five working full and associate members, and chairmen new to the list of people to meet the demands of new projects.

Space also forecasts an expansion of the PRC’s public relations role. Probable new areas of work for next year include a line on "Technology Review," more serials of articles, and more reports in national magazines, and more reports directed at alumni and high school students.
