Wesleyan edges stickmen; Finale slated for Tuesday

Tech's varsity lacrosse team closed out their 1967 home season Wednesday dropping a close game to Wesleyan. 6-2. Dave Hunt '68 second-string goalie was clearly the hero of the first half. Hunt, who had previously seen only limited action, turned in a fine performance before starter Ger Taylor '67 took over late in the second period. Hunt held Wesleyan scoreless through the first period and left the game with three goals scored against him.

The two Tech scores came in the second and fourth periods, the first coming unassisted by captain Steve Gittman '67 and the second from Julie Gutman '68 to Art Von Waldburg '67. Though MIT controlled the ball 70% in the first half and 50% in the second half, they could not get the ball past Wesleyan's Bergstein in the goal.

Wesleyan's four-out-two-in attack provided them with quick opportunities to score. With quick passes they often found the open man and six times made them count. Tuesday the Techmen meet Williams at Williamsport in the season's finale. A win here would put the squad above .500 for the season.
