Adams: 'No end to what can be done';
Johnson: 'Merger is not contemplated'

By Mark Bolotin

Wellesley College and MIT have agreed to explore a five-year experimental program, beginning in 1968, under which their undergraduate students may take courses in both institutions. According to a joint statement by President Ruth M. Adams of Wellesley and President Johnson, "the purpose of the experiment is to extend the diversity of experiences now available to students in the curricula and the environment of both institutions."

Students ideas on new program hit all extremes

By Paul Johnson

Now that the administrators of both Wellesley and MIT have decided that the two schools should try out a limited "cross-registration" plan, student opinion about the proposed exchange was sought, and here are some excerpts from it:

At MIT, most men feel the plan "sounds good," and in general is a "great idea." The idea is received well by the MIT men generally because he would like the greater amount of social contact that the cross-registrations would bring about, and because he would "just like to see some pretty girls in the classroom."

There are, however, dissenters among the make at MIT. They feel that the exchange "isn't a tremendously brilliant idea," and that it isn't the sort of thing that Wellesley has to offer at all. Some feel that few Tech students would find the "sort of thing that Wellesley girls would get a much better deal." They also say that riding a bus for an hour a day is "sort of a hardship."

MIT coeds tend to be violently

1230 to receive degrees
during 101st Commencement

Approximately 1230 students will receive degrees this year at MIT. The ceremony will begin at 3:30 am in Rockwell Cage. Ringing is scheduled for 30:30 am in the Armorey and the duPont Athletic Center. A luncheon and President's Reception will follow at 1:30 pm in the Great Court.

Dr. James R. Killian, Chairman of the Corporation, will preside over the graduation ceremonies. The Commencement address will be delivered by President Howard W. Johnson.

The MIT Logarithm, Dr. Harold E. Edgerton, guitarist-playing Institute Professor, the Glenn Miller Orchestra and folk singer Carolyn Hester will entertain graduating seniors and their friends and families at a Graduation Eve Party at 8:30 in the Student Center the evening before Commencement.

Morning lecture series

Alumni Day will be held Monday June 12. A series of morning lectures will be given on "The Marshalling of Human Resources in View of the Population Explosion." The four principal speakers will be Dr. J. Horace Magasanik, Professors R. E. Dickinson and J. B. Zuckerman, and Dr. D. G. Adams.

The First Annual MIT AS Student Art exhibit opened Tuesday at the Second Floor of the Student Center. Works on display include "Nude Pensive" (shown above) by Donald Stevens. The show, sponsored by the Committee on the Visual Arts and the student Center Art Studies, will continue until Friday, June 2.

Magasanik named Course VII Head

Omitting long experience in the fields of microbiology and biochemistry, Professor Boris Magasanik was recently named head of the Department of Biology. Professor Magasanik will succeed Professor Edwin W. Bliss, recently named Dean of the Graduate School.

No major changes

Professor Magasanik commented that "the department has developed very satisfactorily while I have been here. The proposal had been passed earlier Wednesday afternoon at a meeting of the Wellesley Board of Trustees, which 'voted the establishment of the 'movement was continuing to go up to now our power was having negligible ef-" and also the opportunity. 'What does Wellesley have to offer us?" Some feel that few Tech students would find the "sort of thing that Wellesley girls would get a much better deal." They also say that riding a bus for an hour a day is "sort of a hardship."

At the time of his trip to North Vietnam in January, this year's "movement was continuing to go up to now our power was having negligible ef-" and also the opportunity. 'What does Wellesley have to offer us?" Some feel that few Tech students would find the "sort of thing that Wellesley girls would get a much better deal." They also say that riding a bus for an hour a day is "sort of a hardship."
