Johnson approves location for Fassett commemoration

A site has been chosen and approved by President Johnson of a "garden retro" in memory of Julie Fassett the late wife of Frederick Fassett, co-Dean of Residence. One-half of a proposed $50,000 has been raised toward the construction of the garden. The Julie Fassett Foundation Committee was formed last fall by Dean Wadl. The committee plans to start construction this spring.

Location and design

The garden will commemorate Julie Fassett both by its location and its design. The plot, east of the Baker House tennis courts, is near the old residence of Dean Fassett. The triangular plot will be surrounded by a wall and hedges to isolate the area and make it "a haven from the austerity and intense life of the Institute." This goal comes partly from an effort to recall the relaxed environment that many an undergraduate experienced in the Fassett home from Julie Fassett's hospitality.

Only $1,000 of the received $15,000 has been from undergraduates. The committee had expected around $15,000 in student contributions. Anyone interested in making a contribution should contact the Institute Committee in Room W20-401.

National fraternity colonies to be encouraged by IFC

The Interfraternity Conference is taking steps to encourage the establishment of new colonies of national fraternities. The purpose of the Expansion Committee is expected to act as a forum for discussion of this matter.

By Carson Agnew

There are reasons for the establishment of the Committee. First, the Committee will attempt to liberalize the Constitution of the IFC to allow colonies to exist and to join the IFC. Second, the group will serve to bring students together, to help organize the new colony. Third, it will act as a drafthouse for fraternity off-campus housing, (Toms 96,300, chairman, said that he presently knows of a 40-man house which was available for any colony that might be formed.
