A major growth and diversification program is underway at United Fruit.

Last year, people spent close to $300 million dollars to purchase over 3 billion pounds of Chiquita bananas.

This success is due to a vast amount of research, planning, cultivation, quality control and advanced management techniques; our bananas today are a great improvement over what they were 8 years ago.

These improvements that United Fruit has brought to Chiquita bananas are only a part of the story. We have grown in many other diversified and exciting fields as well.

United Fruit has in its corner the Great White Fleet consisting of more than 40 refrigerated vessels; Compania Numar, processor of edible oils, in Costa Rica; Rovina Sugar Refinery; J. Hungerford Smith Co., Inc., manufacturers of syrups, ice cream flavorings and toppings; and Baskin-Robbins, a leading distributor and producer of ice cream. We also own A&W Root Beer Company and A&W Drive-ins of Canada, Ltd.; Tropical Radio Telegraph which operates a public communications system between the United States and Latin American countries; and a 40% interest in MacMillan, Brownell, United, Inc., suppliers of kraft linerboard for our banana boxing operations.

If you would like to be part of this excitement at United Fruit, we would like to meet with you. You can start things happening by scheduling an interview with us, through the placement office on campus.
