The purpose of said committee seemed rather vague, as no one at the meeting actually came out and said what the executive committee was supposed to do, but it was garnered from the discussion that their first objective was to organize the planned demonstration and any subsequent demonstration visible.

Meeting extremely orderly

The weight of the world appeared to be on those people's shoulders as they very soberly discussed what their committee in the office of a lady's bridge game. But underneath this number, serious net- work of rallies would be aired throughout the day.
