Liberal readmission for grads adopted by CGSP Monday

By Jayne Kunin
A graduate student whose education is suspended for reasons related to Selective Service will be readmitted irrespective of whether or not he registers for the draft or otherwise suffers the consequences of his action. The student, by registering for the draft, would be barred from readmission.

The new policy, said the CGSP policy-making body, was necessitated by two facts. First, the number of students who are draft-age is rapidly increasing. Second, the draft age is rapidly decreasing, so that the problem of readmission is becoming increasingly prevalent.

The CGSP policy-making body approved the new policy by a vote of six to three. The minority holding was that the policy would be too lenient, since it would permit students who are draft-age to avoid the draft by registering for it.

In a meeting last night, the Student Committee on Environment presented plans to complete and investigate the Gripe Strike on campus. The committee, which represents the student body and is chaired by Alice Willard '69 of SCE, said that the Gripe Strike is not an extension of the student's desire for more materialism, but is a method of protest.

The Gripe Strike is an attempt to make students aware of the environmental problems on campus. The committee hopes to educate students about the environmental impact of their actions and to encourage them to take steps to protect the environment.

The committee also plans to hold a meeting of the SCE on Wednesday night to discuss the Gripe Strike and to hear from students who are interested in participating in it.

Gripe Week may be stalled

By Greg Hembardt
A number of physical improvements will be carried out with the available money. One of the Grippers comments was that the Grippers report would be no radical changes as a result of the Grippers Week. SCE will undoubtedly present a list of well-founded complaints and practical suggestions for improvements.

In the final analysis, there will be no radical changes as a result of Gripe Week. SCE will undoubtedly present a list of well-founded complaints and practical suggestions for improvements, but the fact remains that the budget is not fixed.
