The PROGRAM
The Program combines work and study. The Fellows work 20 hours per week during the school year and full-time—40 hours—during the summer. A Fellow is expected to carry a school load of one-half the full-time graduate student load as to complete his Masters Degree in two years. For the hours worked, the Fellows are compensated at rates consistent with regular employees of comparable education and experience, and they participate completely in all normal employee benefits, including fully paid medical plan and insurance. In addition, a Fellow receives a stipend of $1,000 per year plus $500 for each dependent (spouse and children), full tuition, fees and books. This package has an annual value of between $10,750 and $13,000. The Fellowships are granted for one year and will be renewed for a second upon satisfactory completion of the 18-month work/study plan.
