
In the "Snow Corner" of New England

MAD RIVER GLEN SKI AREA
Waitsfield, Vermont • on Routes 100 and 17

Boycott broken; concessions made to dorm students

That's why we have a two-year Rotation Program for graduating engineers who would prefer to explore several technical areas. And that's why many of our areas are organized by function—rather than by project. At Hughes, you might work on spacecraft, communications satellites and/or tactical missiles during your first two years.

All you need is an EE, ME or Physics degree and talent.

If you qualify, we'll arrange for you to work on several different assignments...and you can help pick them.

You may select specialized jobs, or broad systems-type jobs. Or you can choose not to change assignments if you'd rather develop in-depth skills in one area.

Either way, we think you'll like the Hughes approach.

It means you'll become more versatile in a shorter time.

(And your salary will show it.)

HUGHES AIRCRAFT COMPANY

TROUBLESHOOTER CIRCUIT DESIGN ENGINEERING

Do you think a bright young engineer should spend his most imaginative years on the same assignment?

Neither do we.

ELECTRO-OPTICAL ENGINEERING

MICROWAVE & ANTENNA ENGINEERING

GUIDANCE & CONTROL ENGINEERING

SPACECRAFT DESIGN ENGINEERING

COMPONENTS & MATERIALS ENGINEERING

WEAPONS SYSTEMS ENGINEERING

A new twist on the Hughes MINI-AREA. Unique "Birdland" has its own lift facilities and ski slopes.
