Princeton cops IFA crown as Tech fighters finish last.

By Dave Rapoport

Last weekend, the Princeton fencing team participated in the regional and collegiate Fencing Association championship. The results were a mixed bag, with Princeton coming off the three weapons crown for the first time in the school's history. The team finished sixth out of the thirteen teams representing the eastern coast, fourth overall in the team standings, and high hopes for improving the team's performance in the future.

Bob Markby, '89, whose erratic brilliance and unorthodoxy style have served him well in the world of fencing, was voted one of the school's most valuable senior fencers. A natural combination of right-handed attacking ability and left-handed counterattack, Markby was known for his ability to control matches through a variety of tactics and maneuvers.

Captain Bill McLeod teamed with Larry Kelly '70, and Kirk Winges '71. McLeod also was a fine broad jumper, setting a new school record in the triple jump with a distance of 63 points for the team. Betts, who finished second in both the one- and two-mile runs, won the mile-relay.

With Wilson winning the 1000 and Peterson taking the mile-relay, the Engineers moved ahead of the Wildcat anchor, the runner-up, when anchorman Kelly got the baton down at 14:20.2 cut more than 15 seconds off the old record. Furthermore, by taking the final victim of the Tech rampage as the Rhode Islanders fell by a 61-25 margin, it was the first time in the N.E.I.S.A. history that MIT had ever made the final, scoring 52 points. The final score was 111-30, as the team continued its winning streak to 10-0.

The outdoor track season should be a cinderella bid for the hockey title.

By George Novosielski

The MIT hockey team is attempting to return to the New England Championships after a disappointing season the previous year. The team is looking to improve its overall record and make a strong showing in the upcoming conference games.

On the track, the team finished second in the overall points race, with 31 points. Kirk was also the team's leading scorer, with a total of 63 points for the team. Betts, who finished second in both the one- and two-mile runs, won the mile-relay.
