Activities Council chooses Flynn temporary chairman

George Flynn '69 was elected temporary Activities Council Chairman at last Thursday's Activities Council meeting. Flynn, Steve Loeb '70, temporary Secretary, and Bob Fokony '69, temporary Treasurer, are expected to become the permanent officers at the next Activities Council meeting. Both Flynn and Fokony will be at the Institute next year as fifth-year undergraduates.

It had been expected that Barry Rubinhaber '70, last year's Secretary who had planned to run for Chairman this year, would present a new constitution to be voted on at the election meeting. As it turned out, neither Rosenbaum nor the last meeting. As it turned out, neither Rosenbaum nor the last meeting. As it turned out, neither Rosenbaum nor the last meeting. As it turned out, neither Rosenbaum nor the last meeting. As it turned out, neither Rosenbaum nor the last meeting. As it turned out, neither Rosenbaum nor the last meeting. As it turned out, neither Rosenbaum nor the last meeting. As it turned out, neither Rosenbaum nor the last meeting.

First duty would be to prepare a new constitution. Within a month, another meeting will be held at which the new constitution will be presented and permanent (i.e., for the next year) officers will be elected.

The basis of the new constitution will be the expansion of Activities Council membership to include all 100-odd recognized activities. In view of this goal, the Activities Council voted at its last meeting to form the election meeting to allow all recognized activities to vote in the elections. A similar motion, to apply to the next meeting, was passed at the end of the election meeting.

Flynn, who was elected by a large mar

Game room to acquire pinball machine

The Mezzanine Game Room in the Student Center will shortly be transformed from a seldom-used meeting and dining room into a 24-hour refreshment and amusement area.

A total of nine amusement (pinball, etc.) machines have been placed in the room by the firm of Joe Bisaccio '70. The Second vending machine company will install food and drink machines, and tables and chairs will be supplied.

Decorations will be done by Dick Read of the Student Art Association. Plans include continuous slide projection on a translucent nylon screen on the window.

Duohe Montgomery '71, who is heading the project for the Student Center Committee, said that he has been allotted a budget of about $2,500 from the Student Center operating budget. Montgomery said that the total expenditures are not yet known, but that they will not total over $2,000.

The room will open shortly after Spring vacation with a party and live band. According to Montgomery, only one member of the Committee opposed them. That opposition was based on what differently from the way they appeared this week because "we do not want the place to look like an arcade." The most notable of these machines is a juke box, which will operate for $.05 per play.

Bisaccio confided that the machines had cost around $6500, all of which was paid by his firm. In return, Bisaccio will receive 50 per cent of the machine's intake. He will also pay all the maintenance and insurance costs of the machine.

Montgomery hopes to arrange for the other 50 per cent to go to the Student Center Committee. Although "the money was not the reason," the additional funds will allow the Committee to undertake new projects. Among the possible projects Montgomery mentioned was a redecoration of the Student Center elevators (see The Tech, December 13, 1968).

Sure. You like a sharp-looking car. Clean lines. Gleaming sheet metal. The whole beauty bit. So do we. But there's more to an Olds than a coat of paint or a few hanks of chrome. A solid Body by Fisher, for instance. Rugged frames. Bump-gobbling suspensions. Engines that really know how to stretch a gallon or get you there in a hurry. And all the goodies. Stereo. Buckets. Sport wheels. Whatever you want in your package, you couldn't find a nicer package to put it in.
