COBOL is a computer language. You use it to tell computers how to solve problems. Step by step. You don't have to be a genius to learn it, only average intelligence, and a creative knack for solving problems. In one single summer session in computer programming, Chamberlayne will teach you how to speak the language.

What's in it for you? Read this:

With the ability to do computer programming, you can get a high-paying part-time job while in college. You get a head start in your preparation for a business career. It aids you in doing research for your graduate studies. (You may even carry out your own research, in connection with this class, on the college computer.) Chamberlayne's Summer Session in Computer Programming takes less time, and costs less money than any other comparable program.

Chamberlayne's modern Computer Center is located in Back Bay, just around the corner from the Pru. Here you'll get "hands-on" experience with our own IBM System 360 computer, the system installed in over half the computer-using companies in the country.

There are two sessions, so choose the one most convenient for you:

- June 30-July 31: 9-12 AM Mon.-Thurs.
- August 4-29: 9-12 AM Mon.-Fri.

To find out how to enroll, call 536-4500, or fill in the coupon below.

This blade:
Whatever else they've done to it, one thing hasn't changed.
It's still straight.
And your face still isn't.
It's round.

The new Norelco Triple-header gets around this problem.
We put our unique rotary blades into three floating heads that follow your face by going in where your face goes in. And out where your face goes out.

This way the new Norelco gets close enough to shave you as close or closer than a blade. As found in two out of three shaves in an independent lab test.

And you get a comfortable shave because the Norelco floating heads curve with your chin. bend with your neck. and even straighten out for your cheeks. Automatically. And without a nick. pull or scrape.

The new Norelco has a hidden trimmer that pops out for sideburns, and a push button for easy flip-top cleaning. It also comes in a rechargeable model that gives almost twice as many shaves per charge as any other rechargeable.

We can't see you changing the shape of your face.
But we can see you changing to Norelco.

You can't get any closer you can't get any closer for you.

Hai Karate - be careful how you use it.
