The political treatment is in the style of Godard. As in Mar- celline, Feminine and Le Chinoise, the protagonist of I Am Curious spends half the time interviewing people. “Does Swe- den have a class system?” is asked of the man on the street well beyond the point of tedious- ness. The browsing may be curious, but the viewer soon ceases to be.

It is especially disappointing that despite all the political ef- fort, this film has nothing politi- cal to say, aside from the unori- ginal idea that everything is lou-

Nevertheless, the film is some- thing of a pioneer, and is to be credited for its iconoclasm.
