Statement of BSU

1970 GRADUATES:
Master of Science Industrial Administration

XEROX IS COMING TO CAMPUS
FRIDAY, NOV. 14, 1969

See your Placement Director today to arrange an appointment with the Xerox representative.

Discover what Xerox is doing in color xerography, 3-D imaging, laser applications and systems that make xerography and computers. Learn, too, of the continuous refinements being developed for and incorporated in our line of office copiers and duplicators.

During the question and answer session, you'll also get a better idea for some of the reasons behind our growth. From approximately 3,000 people in 1960 to over 30,000 currently.

Ask him, too, about the Xerox philosophy. How we've always operated on the premise that you can make meaningful contributions to a society that contribute quite gainfully to yourself, and us.

This investment of your time could be the start of a rewarding future at our subsidiary Xerox Corporation, in New York facilities, in engineering, manufacturing, systems analysis, accounting, finance or marketing.

XEROX IS A REGISTERED TRADEMARK OF XEROX CORPORATION.

An Equal Opportunity Employer (m/f)
