Albert condemns MIT's repression

Dear Mike Albert,

I was very pleased to receive your letter on the subject of political repression at MIT. I would like to express my support for your efforts and to affirm the importance of political activity on college campuses.

I believe that we must stand firm in our commitment to the ideals of democracy and social justice. The repression of political expression and participation on college campuses is a violation of our fundamental liberties.

I am convinced that the struggle for political freedom is a necessary part of the larger struggle for social change. We must continue to fight against repression and to defend the rights of all students to express their views and to participate in the decision-making process of their universities.

Please keep me informed of any developments in this situation.

Sincerely,

[Your Name]
