The frosh fencers faced their troubles this past week as they dropped games to WPI and Holy Cross. The team made their record 2-5 on the season.

Thursday's game was called off from Wednesday because of snow the Engineers meeting a team that they had already beaten once. WPI. The lack of pre-Christmas practice time showed through as WPI thoroughly outscore the Tech squad and beat them 5-1. The loss goal was scored by Bill Baker, 71.

On Saturday against Holy Cross the Engineers again did not fare well. They dropped it as Holy Cross came out strong, come from behind finish to win 7-2. Bill Barber opened the scoring in the first period on a pass from Bill Shew. That goal held for the remainder of the period as both teams tried to get the facts of the game.

The second period was another very close played one all around. Holy Cross came back early to tie the score but Engineers got the lead again on another goal by Barber. The second period ended 2-1 in favor of MIT.

In the third period, the Holy Cross team met their superiority. With John Miller 72 off of the ice, the Holy Cross struck fast for a goal and then went on to score the first and only goal of the final score, Holy Cross, 7, MIT 2.
