Friday, Feb. 13 proved indeed to be an unlucky day for the Varsity fencing team, which lost an important match to Brooklyn Polytechnic Institute 14-13. On Saturday, however, the Tech fencers came back strong to beat Holy Cross 18-9. The team record now stands at 7 wins, 3 losses.

Friday's match was spirited and exciting. The score stayed even all the way to the beginning of the third round (9-9), when Brooklyn Poly's strong sabre team practically clinched the match by sweeping sabre for the third time, bringing the score to 12-9.

The team high scorers were Guy Pomares '71 (3-0) in epee and Mike Asherman '72 (3-0) in foil. Mike fenced an outstanding bout when he came back from 0-4 to win his match 5-4. Nick Zagaris '72 made up the other two foil victories, and Vince Fazio '70 and Ed DeL'Arco '72 each won two in epee.

Saturday's match at Holy Cross showed that MIT is still one of New England's strongest teams. Using substitutions from the beginning, the Engineers managed to win all three weapons without difficulty. The foil scoring (overall 7-2) was led by Nick Zagaris (3-0). Jon Abraham led the saber team (2-0) to give the team a 6-3 overall record. Epee wins came from Dan Royal '71 (2-0) and Dan D'Amico '71, Gus Benedicty '71 and Vince Fazio.

The rifle team is rolling up a fantastic record this season, perhaps the best ever. In a match just before intermission the MIT rifle team met, previously undefeated Northeastern University. The Timbs' Engineers could not be stopped as they handed the Huskies their first defeat of the season, 1325-1281.

Jack Chesley '71 led the team's victory with an excellent 376. He started out with a 98 in the prone position, added as 85 in kneeling, and finished with a terrific 87 standing.

Second place on the team went to captain Dick Evarts '70 as he fired a fine 268. His scores by position were 96 in prone, 86 in kneeling, and another excellent 86 in standing.

Third man on the team was Eric Kramer '71 with a very good 266. He started off with a superb 86 in standing, had severe equipment troubles in prone with a 91, then fired an 85. Fourth place went to Bill Barber '71 (Please turn to page 7).

Because you get so much more value with a Nova. Things you just can't find on other cars anywhere near the price.

Maybe that's why Nova is such a big seller. It offers what more people want. Along with a resale value (that'll make some of those other cars seem even smaller by comparison). Putting you first, keeps us first.
