STATEMENT OF POLICY

Only those announcements which are of general interest to our readers will be included in this column. In general, announcements must come from the MIT community. Announcements of events for which there is an admission charge will not be published.

Announcements must be short: in general 50 words or less. The deadlines for receipt of announcements are 5 pm Sunday for a Tuesday edition and 5 pm Wednesday for a Friday edition. These deadlines will not be relaxed.

Since announcements are published free of charge, The Tech reserves the right to edit, postpone, or refuse any announcement.

Why Savings Bank Life Insurance belongs in the portfolio of every contemporary man and woman.

Savings Bank Life Insurance is America’s lowest cost life insurance for all Ordinary Life, Endowment, and Renewable Term. That’s one reason why.

For example, under the SBLI 1-Year Renewable Term Plan, a man of 40 can buy $25,000 in Savings Bank Life Insurance for less than $100 a year* (at age 25, the cost is less than $75 a year*). This makes it possible to provide extra protection — at lowest cost — at a time when families need it most. In addition, an SBLI 5-year term policy is automatically renewable and convertible to any one of several permanent policies up to age 65, without additional medical examination.

This assures continuity of protection, no matter what health condition might develop.

Another reason why is that although Massachusetts Savings Bank Life Insurance is available only to people who live or work in Massachusetts, you can keep any amount you own at the same low premiums even if you should leave the state.

To learn more about the many kinds of SAVING BANK LIFE INSURANCE, visit our bank and ask for a free copy of the informative SBLI FACTS booklet.
