Motorola invites graduating seniors to examine the many career opportunities with one of the world's largest and finest companies.

Graduates in Electrical Engineering can choose from a wide variety of interesting and challenging positions at any one of the nine Motorola locations throughout the country. In addition to working in the job of your choice, you'll receive an excellent starting salary and a full range of company benefits including profit sharing.

And too, if you should decide on continuing your education on a part-time basis you'll be able to benefit from our tuition refund plan.

If you're interested in a future at Motorola we'd like to talk to you. You can arrange an interview between now and graduation by writing Mr. Will Hausmann at the address below.

Will Hausmann
Professional Personnel Mgr.
MOTOROLA INC.

on an equal opportunity employer

If you don't know where you're going... or what you want to do... we will.

MOTOROLA

The experimental April Lobby continued this week with numerous special features, including this concert by a string quartet. Lobby organizers hope students will show enough interest in the project to warrant its extension beyond the planned May 8 terminal date.

324 MASS. AVE. (BETWEEN HARVARD AND CENTRAL SQUARES)

MENZEL CALLS
SOME DC UFO'S
"ONLY HOT AIR"

(Continued from page 6)

UFO's. The Colorado study had found no basis whatsoever for the widespread belief in flying objects.

Many UFO reports can be rather difficult to explain. In the summer of 1952 there were many radar UFO's appearing over Washington National Airport. On one occasion, the airport was closed and Air Force planes were sent up to investigate. Menzel explained that the spurious radar "blips" were caused by what he called "anomalous propagation" caused by temperature inversions.

"It was just bubbles of hot air over Washington -- and I don't think anyone should be surprised to find hot air over Washington!"

RALLY SHIFTS TO DOWNTOWN SITE

(Continued from page 1)

Chorover asked permission for a delegation to speak to the Governor. They were greeted by Representative James Shea of Newton, sponsor of the bill they had come to speak about.

Shea addressed the crowd, denouncing the U.S. move into Cambodia and the intensification of operations in Laos, and stating that "Now is the time for all elected officials to uphold the Constitution." He charged President Nixon with flagrant violations of his constitutional powers, calling recent foreign policy a matter of "unilateral executive adventurism."

The group received an unexpected surprise when Governor Sargent elected to meet them on the steps outside. "I was appalled as you were by the news this morning," he began, and said that he would be waiting to hear Nixon attempt to justify his actions.
